The True Identity of ALLAH: A Shocking Revelation

- May 08, 2019

The claim that Allah (the name of God in Islam) historically originates as a moon god worshiped in pre-Islamic Arabia originates in early 20th-century scholarship, most prominently advocated by American evangelicals from the 1990s.

"Allah" was the name of a moon god in pre-Islamic Arabic mythology, the implication being that "Allah" as the term for God in Islam implies that Muslims worship a different deity than the Judeo-Christian one. The use of a lunar calendar and the prevalence of crescent moon imagery in Islam is said by some to be the origin of this hypothesis

The origin of the word Allah can be derived from

EL --- ELLAH --- ALLAH

God El, the supreme god of East Semitic speakers in Mesopotamia's Early Dynastic Period. The proposed Greek equivalent of El is Cronus. Israelite equivalent is Yahweh. El had many kids from his Consort, Asherah/Athirat. Their kids were :

- Yam
- Mot
- Anat
- Ashtar
- Shahar
- Shalim
- Shapash
- Baal
- Athtart
- Hadad
- Dagon

Asherah is identified as the queen consort of the Sumerian god Anu / El, the oldest deities of their respective pantheons, as well as Yahweh, the god of Israel and Judah. This role gave her a similarly high rank in the Ugaritic pantheon. Despite her association with Yahweh in extra-biblical sources, Deuteronomy 12 has Yahweh commanding the destruction of her shrines so as to maintain purity of his worship.

Here, we see once polytheistic turning into monotheistic. Now the new holy books were accompanied by the stories of the great deals done by different gods as done by one supreme god. In this way, the new religions claimed, all the worship to their one God who was just one among the many deities worshipped in the ancient world. Let us see who the one God, Allah of Quran.

Let us reveal his secret identity, his true identity and his evolution over the ages in this particular article.

The True Identity of YAHWEH: A Shocking Revelation

<https://rudrasenafoundation.blogspot.com/2018/11/the-true-identity-of-yahweh-shocking.html?m=1>

The moon plays a significant role in Islam because of the use of a lunar Islamic calendar to determine the date of Ramadan. The crescent moon, known as Hilal, defines the beginning and end of the Islamic months as it did for the Babylonian calendar.

The word "Allah" is a contraction of "Al-ilah," 'al' meaning "the" and "ilah" meaning 'god.' Early biographers said that "al-ilah" comes from 'El' or 'Elohim,' meaning the God of the Bible but, "Early scholars attested the diffusion of this belief SOLELY TO CHRISTIAN AND JUDAIC INFLUENCES. BUT NOW a growing number of authors maintain that this idea of Allah had older roots IN ARABIA..." We must look for the ORIGINS OF ALLAH AMONG THE ARABIAN DEITIES, and NOT from the Judeo-Christian Bible! Even though Allah had been given attributes and stories of Judeo-Christian religions. Allah have a mixed evolution series that is, from ancient Arabic pagan religion and also Judeo-Christian religion.

The Arabs had tribal gods, whom they worshiped. Every tribe had their own God. "The Quraysh tribe into which Muhammad was born was particularly devoted to Allah. Before Muhammad was EVER BORN, his tribe worshipped Allah, and he was the CHIEF GOD OF MECCA:

So the Allah that the Meccans worshipped was

1. Chief god at Mecca in the Kaaba
2. The **same god** Muhammad was proclaiming and worshipped by him and the pagan Arabs.
3. He was worshipped centuries before Muhammad.
4. Allah was the tribal deity of Quraysh, Mohammed's tribe, and was the supreme god of Mohammed's youth.

Even though history shows that Allah was the chief god of the Quraysh, and the Kaaba. We also see a god called HUBAL WHO WAS THE CHIEF GOD OF THE KAABA, AND OF THE QURAYSH TRIBE! How can this be? Is there a contradiction in history?

The Funk and Wignall's Dictionary of Folklore, Mythology and Legend says under "Allah," "The pre-Mohammedan Arabic god HUBAL HAD AS HIS TITLE ALLAHU meaning 'THE GOD'... You know, from where Allahu came (El - Ellah- Ellahu- Allahu).

Muslims don't want to admit what history shows, the Hubal is Allah. Robert Morey writes: "Religious claims often fall before results of hard sciences such as archaeology...the hard evidences demonstrates that the god Allah was a pagan deity. In fact he was the MOON GOD[Hubal]

Another source writes: "Hubal was associated with the Semitic god BA'L [Baal]. Is it any surprise that "The Daughters of BAAL are three in number...The triad of Baal's daughters is reflected in the triad of ALLAH'S DAUGHTERS according to pre-Islamic Arabs. There is some

outside confirmation that the three goddesses ARE DAUGHTERS OF BAAL. **The Quraysh ADOPTED ALLAH AS BAAL**, and added the goddesses to his cult the same way as Baal had three daughters in the Fertile Crescent. They venerated him and his three female companions in his new House, the Kaaba at Mecca.

From this we can conclude the evolution steps :

EL/ Anu (The supreme Chief of the tribe) ---- Baal ---- Hubal ---- Allahu

According to the Encyclopedia of Religion, Allah corresponded to the Babylonian god Baal, and Arabs knew of him long before Mohammed worshipped him as the supreme God. Before Islam the Arabs recognized many gods and goddesses, each tribe had their own deity. There were also nature deities. Allah was the god of the local Quarish tribe, which was Mohammed's tribe before he invented Islam to lead his people out of their polytheism. Allah was then known as the Moon God, who had 3 daughters who were viewed as intercessors for the people into Allah. Their names were Al-at, Al-uzza, and Al-Manat, which were three goddesses; the first two daughters of Allah had names which were feminine forms of Allah. Hubal was the chief God of the Kaaba among the other 360 deities. Hubal was the chief God of the Kaaba among the other 360 deities. Hubal was a statue likeness of a man whose body was made of red precious stones whose arms were made of gold. (Reference *Islam* George Braswell Jr.)

Christianity is an ancient Sun cult, Islam is an ancient moon cult

Each uses the solar and lunar calendars respectively to mark their holy days. Jesus is the Sun personified. Christmas is known in science as the winter solstice, the shortest day of the year. Ancient minds thought it was the Sun being “born” as the Sun would

appear to rise higher and higher each day after the winter solstice.

Simply the ancient spiritually enlightened minds saw the Sun, moon and constellations to be Gods! They personified the energy forms of celestial bodies in art. The energy forms were made in the form of a human being to have kind of attachment and love to the energy.

The ninth zodiac constellation is Taurus. This is not a common bull but an wild ox, a "Reem". He is in intense rage, barreling down on his enemy. He is a great white wild ox which has two long forward-pointing horns. His forelegs suggest that he is charging forward. It is a prophecy of Christ, the coming Judge, and Ruler, and "Lord of all the earth" (Deuteronomy 33:17; John 5:26-27)

Even the Israelites had their idol the "Golden Calf" of the Exodus. Aaron made a golden image of a male calf in order that the people might worship the Lord under this form in Exodus 32:4. After the division of the kingdom, Jeroboam set up two golden calves in his kingdom, one at Bethel and one at Dan (1 Kings 12:28-29). Many bull figurines have been found in the Early Israelite period (about 1200-1000 B.C.). The Babylonians looked on the bull as the symbol of their greatest gods. The bull was a sacred animal in Phoenicia and Syria. Among the Semitic Canaanites the bull was the symbol of **Baal**.

This is all BS. The Quran actually speaks against all of this. If you had bothered to actually read the text you would know that.

Allah wasn't a god, not a spirit, not even a person. Allah is as real as Humpty Dumpty. Ella Ella Eh Eh Allah had a great fall, Ella Ella Eh Eh Allah will go down in history as the worst fake religion of them all.

You know how all of these negroes are always holding up the illuminate pyramid sign, that is symbolic of the silver & black vagina on the kabba in Mecca.

Pure evil lurks in the Quran when out of 114 chapters there are exactly 6666 words! The religion of Islam, is purely lies, & purely evil.

There are a lot of shoe shining Muslims blaspheming Jesus Christ. Let's compare a few things.

Muhammad's name is mentioned only an embarrassing 4 times in the Quran compared to the KING of kings Jesus is mentioned an amazing 25 times. The only woman's name mentioned in the entire Quran is Mariam (Mary) the mother of Jesus. The Quran says the "Word of God," the "Spirit of God," is Jesus Christ. The Quran tells a story of when Jesus was two days old that Jesus made a bird out of mud and blew the Breath of Life into the bird. The Quran tells the story of when Jesus healed the blind man, and Jesus healed a man of leprosy, and Jesus raised a man from the dead, and Jesus beat death, hell, & the grave and He Himself ascended to Heaven because He is alive forever more.

In the Holy Bible, Jesus said I'm going to prepare a place for the sons and daughters of ADAMIC Isaac, father of the Anglo-Saxons. Because Jesus is alive, and in Heaven, but to no surprise, Muhammad is not there. Jesus said He will come again from Heaven and appear in the clouds and He will harpazo the sons and daughters of ADAMIC Isaac, and they all will go to Heaven where there are no Muslims. However, there is a door in Heaven that has janitor supplies in it. At the top of the door it says "Imran Hosein."

So, the Quran itself says Jesus Christ is the "Word of God," and the "Spirit of God." The Quran says nothing about Muhammad being the Word of God. The Quran says nothing about Muhammad giving life to a bird out of the mud. The Quran doesn't say Muhammad has the "Breath of Life." The Quran says nothing about Muhammad healing a blind man. The Quran says nothing about Muhammad healing a man of leprosy. The Quran says nothing about Muhammad raising the dead. The Quran says Muhammad isn't coming back because Muhammad is dead. Muhammad is much weaker than Jesus. Muhammad is below Jesus like a woman who lies under a man. A stray dog has more power and respect than Muhammad had.

Arab speaking Mullahs/Imams/Ulemas/Muftis/Muhaddiths/Shias /Mujaddids/Allahmahs all say that Creation comes by the "Word of God." The Quran says Jesus is the "Word of God." If the Quran says the "Word of God" is the "Creator God," then Jesus is the "Creator God." Jesus the Creator God can see without eyes, Jesus the Creator God can talk without a tongue, Jesus the Creator God can hear without ears. The Quran says the "Creator God" is "ALL POWERFUL." So, this means Jesus the "Word of God" who is Jesus the "Creator God" can "have a Son without a wife."

Therefore, all Muslims must become Christians. Quran 10:94. Yes, the Quran's own scriptures convert Muslims into Christians. Jesus

is the "Creator God."

All of this talk that Yah, Yahuah, Yahweh, Yahshua, Yahushua, & Yeshua is a Semitic god is a damn lie. If a gods name isn't JESUS CHRIST, he's black. The book of Isaiah says when the angels fell they put on darkness. El the fallen angel, was black. His sons were black. Isn't it amazing how that happens? Yahweh was black. Black Yahweh died and stayed dead.
